Full-Service: Student Recruitment Support

PROUD Academy

OUR MISSION

Building Clarity, Capacity, and Full Enrollment

Your Full-Service Enrollment Team.

TrustED Solutions is your full-service student recruitment team—from first lead to enrolled. We build and manage the systems behind enrollment—from marketing and design to outreach, CRM, and data—ensuring every family is engaged and every opportunity is captured.

We work with a select number of schools nationwide, ensuring every partner receives **personalized attention, consistent communication, and data-driven results.**

Our approach blends technology and hands-on expertise, **combining CRM automation, outreach management, and storytelling to create enrollment systems that work.**

✓ WHY SCHOOLS CHOOSE TRUSTED

Unlike other organizations, we price our services to help struggling schools break out of enrollment decline, not worsen their situation with long-term, inflexible contracts. That's why we operate on a **month-to-month model ensuring schools can see results and retain flexibility as they regain momentum.**

By integrating people, processes, and platforms, PROUD Academy gain:

01

CLARITY

Real-time, district-wide visibility into enrollment, retention, and marketing performance.

02

CAPACITY

Dedicated specialists and automated workflows that ensure no family or lead falls through the cracks.

03

CONFIDENCE

Data-backed insights that allow PROUD Academy leadership to anticipate challenges, allocate resources effectively, and support schools proactively.

With nearly two decades of experience helping schools across the country achieve and sustain full enrollment, TrustED Solutions understands what it takes to build lasting growth and stability. This proposal outlines a strategic, cost-effective path for PROUD Academy to reach full enrollment while putting in place the systems, processes, and insights that empower leadership to make smarter, faster, and more informed decisions for long-term success.

A **Trusted** PARTNER

OUR APPROACH COMBINES:

01 SOFTWARE

To centralize leads, standardize data, automate follow-up, and provide live data dashboards.

02 PEOPLE

Dedicated outreach specialists, bilingual communicators, designers, and strategists—who extend PROUD Academy's central team.

03 PROCESSES

That eliminate cracks in the system: automated workflows, retention campaigns, and cross-campus reporting that ensure no inquiry or student is overlooked.

WHAT THIS DELIVERS

BOTTOM LINE

This is not a “tool” or a “dashboard”—it is an **Enrollment & Operations Command Center** that unifies the district's enrollment, marketing, and support services into one transparent, accountable system. By centralizing insights and execution, PROUD Academy **gains the power to anticipate challenges, allocate resources strategically, and fill classrooms across all campuses.**

CENTRALIZED ENROLLMENT & OPERATIONS SYSTEM

The challenge today is that enrollment, marketing, data, and operations often sit in silos, making it difficult for leadership to see the whole picture or to act quickly when a campus needs intervention.

This proposal establishes a **comprehensive, centralized system** that does far more than track numbers. It brings together data systems, people, and processes into one coordinated Platform that enables **PROUD Academy** to:

DEEPLY UNDERSTAND THEIR SCHOOL

It manages through real-time insights into enrollment, retention, attrition, and lead conversion.

CENTRALIZE EFFORTS ACROSS THE ORGANIZATION

Eliminating redundant tools and fragmented spreadsheets.

INCREASE ACCOUNTABILITY AND TRANSPARENCY

So every leader—from school principals to district executives—sees exactly where progress is being made and where additional support is required.

DIRECTLY IMPROVE ENROLLMENT

By ensuring no family inquiry is left unanswered, every lead is nurtured, and every dollar spent is tied to measurable ROI.

STRENGTHEN LONG-TERM SUSTAINABILITY

Not just by filling seats today, but by building repeatable systems that increase retention and financial stability year over year.

WHY THIS MATTERS

Consistent Branding = Trust

Families make decisions about schools before they ever walk through the door. When every touchpoint—from a yard sign to a landing page—looks professional and cohesive, it signals quality. Disconnected, inconsistent design erodes trust. We make sure PROUD Academy always puts its best face forward, everywhere.

06. CMO-LEVEL STRATEGY

We Don't Just Execute. We Think Like Your CMO.

Every PROUD Academy gets a dedicated enrollment strategy—built around your market, your goals, and your competitive landscape. We bring the senior-level marketing thinking most school networks can't afford to hire full-time.

Market Analysis

We study the neighborhoods, competitors, and demographic trends around each school to build campaigns that speak directly to the families most likely to enroll.

Enrollment Calendar Planning

We map out every key enrollment milestone—open houses, application deadlines, lottery dates—and build campaign timelines around them so nothing is ever reactive.

Quarterly Reviews

Regular strategy sessions with your leadership to review performance, adjust campaigns, and set targets for the next enrollment cycle.

Retention Strategy

Enrollment doesn't end at signup. We help you build campaigns that keep families engaged, reduce attrition, and turn enrolled families into your best recruiters.

AD SPEND & PRINTING NOT INCLUDED

Our pricing covers all strategy, management, and optimization, while ad spend and printing costs are kept separate for full transparency. This way, schools know exactly how much is being invested in advertising and materials, and can clearly see which campaigns are producing results. Separating these costs also allows us to monitor performance in real time, identify what's working, and quickly adjust strategies to maximize impact and return on investment.

- **Initial Term:** Month-to-month
- **Termination (for convenience):** Either party may terminate after the Initial Term with **30 days' written notice**.
- **Termination (for cause):** Either party may terminate immediately upon written notice if the other party materially breaches and does not cure within 10 days of notice.

3) Services (Overview) & Included Hours

TrustED will provide a Full-Service Enrollment engagement for PROUD Academy beginning in the first month, delivering end-to-end support to strengthen recruitment, improve conversion, and increase both enrollment and retention.

The partnership will be offered at \$2,500 per month per school and includes strategic guidance, marketing asset development, creative and design support, CRM automation and reporting, family outreach, retention-focused communication, and ongoing social/content execution (as outlined in Exhibit A). Work will be prioritized weekly to align with the school's most urgent needs and highest-impact opportunities.

This full-service engagement will continue monthly throughout the term of the Agreement, ensuring PROUD Academy receives consistent execution and expert support to generate inquiries, increase tours, convert interest into enrolled students, and keep families engaged long-term.

Full Service— detailed in Exhibit A

TrustED will deliver a Full Service Enrollment Bundle tailored to \$2,500 per month per school. This scope is typically designed to meet the needs of a single-campus engagement, with a defined monthly time allocation across strategy, creative, CRM, and enrollment support.

For organizations operating multiple campuses, this same Full Service tier may be applied across sites to keep costs efficient and centralized. However, the included service hours may not provide sufficient capacity to fully support the day-to-day follow-up and execution needs of every campus simultaneously.

To ensure timely coverage and consistent family engagement across all locations, additional Parent Outreach or service hours may be added per Section 5 and Exhibit B as needed. The parties will prioritize services and hours monthly based on enrollment volume, seasonal demand, and available capacity.

- **Strategy & Management:** CMO-level guidance; monthly planning; weekly alignment/reporting.
- **Creative & Assets:** Brand-aligned digital/print collateral; landing pages/microsites tied to CRM.
- **Digital & Social:** Organic social management; paid media strategy/creative (ad spend separate).

4) Fees & Invoicing

5) Parent Outreach Hours (Flexible Add On for Multi-Campus Support)

Bilingual phone, text, and email outreach to engage prospective and current families across one or more campuses. The base Full Service plan includes up to 30 hours of parent outreach support per month, which is typically sufficient for a single-school engagement. For multi-campus networks, additional outreach capacity may be required to ensure timely follow-up and consistent family communication across all sites. Hours are elective, scalable, and adjustable month-to-month based on enrollment volume and seasonal needs.

Rate: \$18/hour

Outreach Hourly Packages (Scalable Monthly Add On for Multiple Campuses)

- **10 hrs/mo – Basic follow-up support: \$180/mo**

Note

The selected service configuration represents our standard scope of enrollment support, typically designed for a single-school engagement at the outlined monthly capacity. For organizations supporting multiple campuses or higher enrollment volume, additional service hours or outreach support may be added to ensure full coverage, timely follow-up, and consistent execution across all sites. Service levels may be adjusted at any time by mutual agreement based on evolving seasonal needs and enrollment priorities.

6) Collaboration & Approvals

In order for us to execute effectively and reach our shared enrollment goals, close collaboration and timely communication are essential. PROUD Academy will provide access to brand assets, staff points of contact, lead lists, and necessary approvals. TrustED will proactively share weekly priorities and requests and will never make material brand or messaging changes without prior approval. The faster we exchange feedback and decisions, the faster we can move from strategy to measurable results—together.

7) No Enrollment Guarantees

While TrustED cannot guarantee specific enrollment numbers or financial outcomes, our team works hand-in-hand with each school to develop and execute a strategic plan designed to achieve enrollment goals. We're fully committed to partnering collaboratively, adapting to real-time data and market trends to maximize results and ensure sustained growth.
